Product Sheet for:

LEVEL 3 SERPA LIGHT BEARING TACTICAL HOLSTER

Finally, an answer to the thousands of requests we have received for a Tac SERPA holster that works with a pistol light. Now that the Night Ops Weapon Mounted Light has solved the issue of blocking the trigger guard, you can get the Level 3 SERPA holster, noted for its speed and retention, to wear with a light while you are involved in tactical operations. Outstanding retention, extremely fast draw even under stress and immediate lock-in upon reholstering. Now you can have it all. Fits the BLACKHAWK! Xiphos NT Light.
