**Product Sheet for:**

## N-FORCE

Another first from First Choice Armor! N-FORCE™ is the first body armor package to use super-advanced NanoRepel® technology in fabric fibers, to form a fortification matrix around the ballistic panel.

### Features:

- N-FORCE technology dissipates the force of projectiles, resulting in higher multiple hit density and lower trauma
- Meets NIJ 2005 Interim Requirements
- NCNM00 Poly-Mesh, Diamond Ripstop male carrier
- One-time shoulder adjustment of straps for personal fit
- Patent-pending Leveler™ system eliminates shifting and "scissoring"
- 5" x 8" soft trauma plate

### Options:

- Anti-stab/anti-trauma or curved titanium plate
- Cool-Tek™ mesh carrier
- Carry bag
- Evercool™ cooling inserts available
- Colors: Black, Tan, Navy, White
