Product Sheet for:

THIN BLUE LINE

Level II .74 psf

Level IIIA .99 psf

Features:

- Meets NIJ 2005 Interim Requirements
- Six-way adjustable shoulder straps for maximum adjustability and comfortable fit

Thin Blue Line™ is a combination of an innovative fiber

system with Cool-Tek™ Mesh and a Micro Fiber weave to help regulate your body temperature

- Twaron® aramid ballistic panel is lightweight for flexibility and comfort
- 5" x 8" soft trauma plate
- Fully removable shoulder and waist straps
- Tails for a more comfortable and secure fit
- Patent-pending Leveler™ system keeps armor from shifting and "scissoring"

NEW! Hidden zipper system allows easy removal of panels; added durability extends life of the carrier

Options:

- Anti-stab/anti-trauma or curved titanium plate
- Evercool™ cooling inserts available
- Colors: Navy, Blue, White
